*"We are really excited and totally pleased with the work accomplished by Designed Finishes in redecorating our new home...**their assistance in listening to our requests and then adding comments on color coordination and unique ceiling applications have made our home very comfortable yet very appealing to all of our friends and visitors.** All work schedules developed to redo the complete inside and outside of our new home were met in a very professional timely manner. Their on site work crews had to dance around some last minute changes we requested yet still met our time lines and budget proposals. I want to pass on my thanks to the entire team as we really love our new home thanks to their hard work and dedication in prioritizing customer satisfaction at all times.. Please feel free to have any potential customers contact us for reference purposes and if anyone would like to see the finished product we will be honored to open our doors for their review..."*

*"If you want **beautifully painted interior and exterior walls, accent areas that are unique and enhance your environment or creative advice for color selection,** then Designed Finishes is your answer. Owner, Dee Donegan, has built her reputation on her attention to detail and to the artistic and inventive ways she changes your living spaces from ordinary to distinctive. We have had her handle both inside and outside painting projects for us and are completely satisfied with the quality of her work. Anyone visiting our home for the first time calls attention to the lovely articulation of color on the exterior of our home and to the special accents and finishes she has done to highlight the architectural detail of the interior. More importantly, Dee and her team are exceptionally careful with all aspects of the painting process from preparation to completion. With all the choices of painters in the Sarasota-Manatee area, Designed Finishes is the only one we would consider."*

*"We have used Designed Finishes for several custom interior projects. They are absolutely **THE BEST in suggesting creative treatments using interesting textures/surfaces.** One of our favorites was a textured latex paint that covered over bathroom wallpaper. They are best known for their custom murals (usually on lanais) that depict the owners' favorite themes. They did a full-wall size mural on our lanai of a Paris street scene, based on a painting by one of our favorite artists. It is just amazing. The design consultant has an EXCELLENT eye for color and is skilled at suggesting coordinating looks. They recently painted our exterior in colors we never would have imagined, and we love it. **They handle all aspects of a project from design, mock-ups and approval through our HOA's Architectural Review Committee, if it is required.** The crew is highly skilled and personable - a delight to have on the projects. They are super dependable and available for feedback during all projects."*

*"Designed Finishes painted the entire exterior as well as the interior (excluding bathrooms) of our home after we purchased it in 2013. We found them to be the consummate professionals. The lead designer, Dee Donegan, was easy to work with, attentive to detail & welcomed ideas & creative thinking. She considered options & possible advantages/disadvantages of ideas based on her previous experience. She has expectations of her employees as she is aware they are traversing the personal property of clients. They are **courteous & considerate of their surroundings while trying to work around shrubbery, furniture & other personal belongings.** We would highly recommend Designed Finishes because of their expertise, personality, professionalism & the magnificent job we felt they achieved in completing the work on our home."*

- Dave & Lorie Zandi

*"We have used Designed Finishes' services for several interior and exterior paint and repair projects. We appreciate that they are very reliable as **all projects were started and completed on the contracted dates much to our satisfaction.** Their knowledge of products and professional advice are a real bonus!"*

- John and Kathi Skelton

*"Designed Finishes has done a lot of painting for us. Their work has always been excellent and very professional. They painted the exterior of our house, **faux painted our master bathroom and painted a Caribbean scene on our wall entering our master suite which is wonderful.** We highly recommend their work."*

CUSTOMER TESTIMONIALS

*"We have lived in the Rosedale Community for seven years and we can say without a doubt we would have no one painting for us other than Designed Finishes. Dee has a talent for seeing the finished product that is unbelievable and it always comes out beautiful. **They are dependable, conscientious and trustworthy.**"*

*"Just a note to let you know how happy we are at the "Pulver house" with the work you and your associates did for us during our house renovation. It was refreshing to work with an organization that not only showed up when they said they would, but were respectful of the homeowners property. **It was a bonus to have the job finished on time and on budget.** If you hadn't come to our rescue when one of our contractors had abandoned us, I think we would still have unfinished crown molding. In the future, if we decide to renovate, "Designed Finishes" will be the first and only call we make. Thank you so much for all your help."*
